REQUEST FOR CREDENTIALS

Under federal legislation enacted under the No Child Left Behind Act signed into law on January 8, 2002, the Taconic Hills School District wishes to inform you that you are entitled to request information regarding the qualifications of your child's teacher or of any paraprofessional that works with your child in an educational setting that receives Title I funds.

You may request knowledge of the following from your building principal:

- A. Whether the teacher met state qualification and licensing criteria for the grade levels and subject areas that they are teaching.
- B. Whether the teacher is teaching under emergency or other provisional status that would require a waiver of licensing criteria.
- C. A description of the baccalaureate degree or graduate degree(s) held by the teacher and the certification area of the teacher.
- D. The qualifications of paraprofessionals that work with your child, if any.

This information is provided to you to ensure that highly qualified personnel are working with your child and that they receive an excellent education from certified personnel.

Should you wish to make such a request, please contact your school office.

8/09
