

IMPORTANT NOTICES

STUDENT DIRECTORY INFORMATION: Parents and/or students who do not wish directory information (name, age, address, and home telephone number) to be disclosed should notify, in writing, the Public Records Access Officer at: THCS, 73 County Route 11A, Craryville, NY 12521

EMERGENCY INFORMATION CARDS: Emergency information cards are needed for each child in school. They list parents' home and work phone numbers, physicians' names and numbers, and persons to be contacted in emergencies if parents cannot be reached. Medical emergencies which require more than first aid must have the parents' consent for the hospital. Emergency cards are also used if school must be closed for any reason.

VISITORS: To ensure the safety of our students, it is the policy of the Board of Education that all building visitors must ring the bell at the main doors and the doors unlocked by one of our greeters. All visitors will be required to sign in and if going further than the office, leave either their car keys or driver's license and wear a visitor badge to identify themselves. The Board of Education defines a visitor as a person not employed by the school district or not enrolled in the school in which he or she is visiting.

GET INVOLVED: We have many opportunities for parents/guardians to become involved in school organizations. The Taconic Hills' EFund helps student organizations with funding for enrichment activities, The K-8 or HS Parent-Teacher Organization, Dollars for Scholars of Taconic Hills, teach an Adult Education class, help volunteer in the classroom, help out with weekly banking or Reading is Fundamental book distribution and more. Visit our website for more information; www.taconichills.k12.ny.us/community

WHO TO CALL: If a problem occurs, speak first with your child's teacher, then if no resolution, speak with the principal, then after that, the Superintendent of Schools and finally the Board of Education.
