

Attention Parents/Guardians:

Dental sealants protect teeth from cavities.

Give your child the chance to stay filling-free!

Columbia Memorial Hospital's dental van is coming to the Taconic Hills Elementary School this school year.

With a completed and signed consent form, your child can be seen for dental services on the fully equipped dental van.

Services offered:

- Dental exam and digital x-rays
- Cleaning and fluoride treatments
- Dental sealants
- Fillings and simple extractions

Dental staff and the child friendly atmosphere make children feel comfortable. Each appointment takes about 20 to 30 minutes. A report will be sent home with your child after each visit. Participating children will receive a gift bag with toothpaste, toothbrush and fun educational products.

Your child will bring a consent form home from school. If you want your child to participate, please complete the form and return it to school. If your child is covered by insurance, the insurance company will be billed.

Children without insurance can participate in the program at no cost to your family.

For questions call Columbia Memorial Hospital Dental Program (518) 697-7892.
